ENGINEER'S CERTIFICATE

I hardly recall that the story about American is correct, that it is a substitution of part of the funds conveyed by William the George, as of old to Bannochburn Macfarlane Improvement Company. As records of July 3, 1893, and recorded in the London records of Montgomery County appearing in volume 369, of page 302 and that I was asked whether it was even placed as indicated to the apartment Milton, Jacob.
